Notes for judges and score keepers

Place a dash (-) in the scoring area and the Event Placement box for a contestant who doesn't compete in that event.

After an event has been completed, use numerals to record the place of the top 3 contestants in the appropriate Event Placement column.

After all events have been completed, put a dot (•) in the Event Placement Form column for competitors who did not place in **any** event.

Unless otherwise directed, contestants will compete in numerical order for forms and in reverse numerical order for weapons.
